

# Understanding Financials Nonprofit Seminar

Join us on Tuesday, July 14, 2009 at the KDV office in St. Cloud, Minnesota. Attendees will learn how to impress contributors and foundations with financial reporting.

## Securing More Funding from Contributors and Grantors by Accurately Portraying Financial Statements

**Presented by: Jennifer Thienes, CPA, Partner, KDV**

When securing funding from contributors and grantors, it is critical your internal and external financial statements accurately tell your organization's story. This presentation will provide you with tips on providing financial statements that are not only accurate, but give you the edge when requesting funds.

In today's economy, you know your organization needs all the help it can get to secure funding. Let us help by providing you with our time-tested tips.

#### ABOUT KDV

KDV offers a full range of business and financial solutions to help organizations, including nonprofits, increase their efficiency and financial performance. Our areas of expertise include CPA Services, Audit Services, Consulting, Technology Services and Payroll Services.

KDV has developed three solutions for the nonprofit sector, which are designed to optimize organizational performance. After the assessment is completed, we will make a recommendation to meet your organization's needs.

#### Combined Services

Allows the Executive Director to rely heavily on KDV professionals by combining the highest level of accounting and technology expertise available. KDV will have a presence on site, as needed, and will have a strong relationship with the nonprofit in the areas of accounting, financial reporting and technology.

#### Coordinated Services

KDV will provide accurate financial reports, regular budget information and have a presence with board committees. KDV will also assist organizations with other issues, such as technology maintenance and installations.

#### Strategic Consulting

Although you may have an experienced bookkeeper on staff, your nonprofit may need guidance on larger accounting and technology issues.
